Jim Rowley, Director of the Secret Service, telephoned this morning and spoke with SA [REDACTED]. He said he had just received a telegram from [REDACTED] former personal secretary to President Eisenhower, who is now Governor Nelson A. Rockefeller's secretary, asking if he would make the necessary arrangements for two of Mrs. Rockefeller's daughters and their young son, Nelson A. Rockefeller, Jr., to be conducted on a FBI tour while they are in Washington during Cherry Blossom week. According to Mr. Rowley, the three children would be accompanied by [REDACTED] former New York State police officer. Mr. Rowley indicated that probably Mrs. Rockefeller would also be along although at this time it could not be said definitely that she would be able to make the FBI visit. *b7c*

Arrangements have been made for the Rockefeller party to come to the Director's Reception Room at 10:00 a. m. on April 1, 1971. Mr. Rowley asked that his warm regards be given to Mr. Hoover. He was assured that this would be done and that the Rockefeller party would be handled very specially at the time of their FBI visit. There was no request to meet the Director. *2*

RECOMMENDATION:

That a Special Agent of the Crime Records Division be assigned to conduct the Rockefeller party on a very special tour of our facilities at the above-indicated time.

SUBJECT: MEETING WITH THE DIRECTOR AND SPECIAL TOUR
MRS. NELSON A. ROCKEFELLER AND PARTY
THURSDAY, APRIL 1, 1971, 10:00 A. M. *MAP-114*

The Director has noted on our memorandum of March 25, 1971, concerning the visit of Mrs. Nelson A. Rockefeller and her party, "I shall meet them at 10 a. m. April 1. H" This appointment has been confirmed with [redacted] personal secretary to Governor Rockefeller through Jim Rowley, Director of Secret Service who had telephoned to make the original arrangements. Mr. Rowley stated that he received the definite impression after talking with [redacted] that Mrs. Rockefeller would make the FBI visit, especially in view of the Director's courtesy in seeing the party at the time of their tour.

██████████ told Mr. Rowley that in addition to Mrs. Rockefeller the group would consist of the Governor's and her young son, Nelson A. Rockefeller, Jr., aged 7; her daughter by a previous marriage, Melinda Murphy and a friend of her's, ██████████, both of whom are aged 11. As previously indicated, the group will also be accompanied by ██████████ formerly of the New York State Police.

Governor Nelson A. Rockefeller of New York has long been known to the Director on a first-name basis. He is on our Special Correspondents List. Bufiles reflect that in May, 1963, Governor Rockefeller married the former Margaretta Fidler Murphy and resides with her and their two minor children, Nelson A., Jr., and Mark F., at the family estate at Pocantico Hills, New York. The Governor also maintains a residence at 810 Fifth Avenue, New York City. Available public source information reflects that Mrs. Rockefeller was formerly married to Dr. James Slater Murphy; that she is originally from Philadelphia and an heiress in her own right to a \$4 million fortune.

CRIME RESEARCH

Malmfeldt to Bishop Memorandum
Re: Meeting with the Director and Special Tour

She won the nickname, 'Happy,' at the Shipley School, a fashionable girls' school in Bryn Mawr, Pennsylvania. Bufiles contain no identifiable, derogatory information concerning Mrs. Rockefeller and a search of the files of the Identification Division disclose no arrest record. There is no indication that Mrs. Rockefeller has ever been photographed with the Director or received a copy of one of his photographs. The files of the Director's Office contained no information concerning her.

[REDACTED] retired from the New York State Police in December, 1970, after 25 years of service. [REDACTED] had been in charge of the Governor's detail since April, 1948. Bufiles contain no derogatory information concerning him and SAC, Albany has reported that he is well and favorably known to that office. b7c

RECOMMENDATION:

For the Director's information in connection with his meeting with Mrs. Rockefeller and her party on Thursday, April 1, 1971.

MEMORANDUM FOR MR. TOLSON

MR. FELT
MR. SULLIVAN
MR. BISHOP
MR. FORD

Honorable Earl Krogh, Deputy Assistant to the President for Domestic Affairs at the White House, called. He said they had just received a call from Governor Nelson Rockefeller of New York, in the wake of the Attica Prison incident, and the Governor mentioned that his office had been receiving some bomb threats or something about the placement of bombs; that the Governor was a little vague but did mention bomb threats and asked that the FBI give him and his police unit, which Mr. Krogh assumed was a special detail of the State Police, very fast transmittal of any information developed by the FBI regarding any bomb threats and this would be pursuant to the President's request as the Governor is in a tight situation and made his stand and should be supported. I commented I thought he did a courageous thing.

Mr. Krogh said they were interested now in providing him quick support and back-up and it would help if we could get a fast response to him from the Bureau if any information is uncovered. I told Mr. Krogh I would see that orders are issued right away as the Special Agent in Charge at Albany can assemble and obtain from the Buffalo and New York City Division any information they may have of any bomb threats in New York State. Mr. Krogh expressed his appreciation.

Mr. Felt has been instructed to handle this right away.

Very truly yours,

J. E. H.

This is to record results of actions initiated pursuant to the Director's instructions in the attached memorandum dated 9-16-71.

Governor Nelson Rockefeller communicated with the White House this morning. He requested that the FBI furnish him promptly with any information concerning bomb threats relating to the Attica prison incident. Rockefeller mentioned that his office had been receiving some bomb threats but he did not furnish any specific information.

I immediately called the Albany, Buffalo and New York Offices and instructed that they immediately coordinate any significant information for transmittal to Governor Rockefeller this afternoon. I instructed that the information be furnished to the SAC at Albany who would personally furnish the same to Governor Rockefeller. I instructed SAC Jacobson, Albany, to make an appointment with Governor Rockefeller and this has been set for 4:00 p.m. this afternoon. I instructed Jacobson that he should obtain from the Governor more specifics concerning the bomb threats so that we would be in a better position to evaluate what information we do have and to take any action which may be indicated. I instructed Jacobson that information developed should be immediately furnished to the Bureau, Buffalo and New York.

I also instructed these three offices that on the receipt of more specific information they should alert logical informants and sources and that any information developed should be furnished to Albany on a continuing basis for referral to the Governor or his assistants.

Assistant Director Malone, New York, advised that Governor Rockefeller is traveling to New York City this evening and Malone has established liaison with Rockefeller's administrative assistant, [REDACTED]. While Rockefeller is in New York City, any pertinent information which comes to our attention will be furnished to [REDACTED] as well as to the Governor's office in Albany.

Dear Mr. Krogh:

With reference to your telephone call on September 16, 1971, I issued instructions for the FBI field divisions in the State of New York to coordinate all available information and furnish it immediately to Governor Nelson Rockefeller.

A representative of the FBI met with Governor Rockefeller on the afternoon of September 16, 1971, and the Governor stated he had no specific information regarding bomb threats or threats by mail but expressed concern for his personal safety as well as that of other State governmental officials involved in the Attica Prison incident because of the volume of hate mail being received at the Governor's office. The Governor was informed of all pertinent information available to the FBI at this time.

We are contacting all logical informants and sources of information for any knowledge of threats against the Governor and we will remain alert during all of our investigative and intelligence activities for any additional information of interest to the Governor. Any such information will be brought to his attention immediately after it has been received by the FBI.

We are keeping in close contact with the Governor both in Albany, New York, and through his Administrative Office in New York City.

Sincerely yours,

Re: Bobby George Seale

A confidential source who has furnished reliable information in the past, advised on November 17, 1971, that Bobby Seale, identified as the co-chairman of the Black Panther Party (BPP), appeared as a speaker at Adelphi University, Garden City, New York (NY), on that date.

Seale appeared under the auspices of the University Student Council in connection with a program which brings national figures to the campus. He was paid a fee of \$1,000.00 for his appearance, which fee was supplied from the Student Activity Fund.

Seale was scheduled to appear at 1:00 PM, but was one hour late in arriving on the campus. An audience estimated at between 1,500 and 2,000 students and faculty awaited his appearance at Woodruff Hall, the University gymnasium.

According to the source, Seale, together with eight or ten individuals who accompanied him to the campus, departed immediately following his speech. His abrupt departure forestalled plans by students to interview him and attempt to prevail upon him to meet with students in informal discussions. There were no incidents or disturbances on the campus in connection with Seale's appearance.

The BPP is a black extremist organization started in Oakland, California, in December, 1966. It advocates the use of guns and guerrilla tactics to bring about the overthrow of the United States (US) Government.

A second confidential source, who has furnished reliable information in the past, advised that Bobby Seale

Bobby George Seale

spoke for approximately one hour beginning at 1:45 PM, before an audience of approximately 2,000 Adelphi University students in Woodruff Hall on November 17, 1971. The audience, largely white, listened attentatively and offered spontaneous applause on several occasions, but appeared to be only "mildly enthusiastic" over Seale's remarks.

Seale spoke concerning the history of the BPP, its philosophy, aims and purposes. He called for a political coalition of minority groups and poor whites in an effort to redistribute the wealth. He outlined plans for a free food and clothing program for Harlem and Brooklyn, NY in line with efforts to develop community service programs. He denied that the BPP was organized to promote violence against the whites, stating that the party's philosophy of self-defense against violence and police brutality and harrassment has been distorted by the press and police groups in an attempt to charge the party as a white hating group.

He called for the impeachment of President Nixon and referred to the President and Governor Nelson Rockefeller as "murderers" in connection with deaths at the Attica, NY Penitentiary.

During his speech Seale was flanked by two black males who apparently were acting as bodyguards. Several black males circulated among the crowd and on the balcony during the function, but there were no incidents and the crowd was orderly. A collection was taken at the entrances of the building prior to Seale's appearance.

A third confidential source furnished substantially the same information as above on November 17, 1971. This source has furnished reliable information in the past.

Memorandum

TO : MR. CALLAHAN

DATE: 11-7-73

FROM : R. R. FRANCK *RRF/qrq*

SUBJECT: NELSON A. ROCKEFELLER
GOVERNOR OF NEW YORK

Jar
SAC John W. Burns, Albany Office, called at 5:15 p. m. today to advise that he had heard from a very confidential source, who has requested that his identity not be disclosed but who is in a position to know, that Governor Rockefeller plans to resign as Governor of New York sometime between December 12 and 15, 1973, for the purpose of permitting Lieutenant Governor Malcolm Wilson to succeed him and become sufficiently entrenched so that Wilson can wage a successful campaign himself in the next gubernatorial election. It is noted that Rockefeller's term does not expire until January, 1975.

SAC Burns further advised that as soon as he leaves office Rockefeller plans to put into motion machinery which he hopes will lead him to the White House in 1976.

RE: [REDACTED]

NOTE: Our NYO advised on 9/6/74, U. S. Secret Service advised that on 9/3/74 one [REDACTED] made statement in bar in Bedford Hills, New York, while under influence of alcohol "I don't like the condition of the Government and would like to wipe Rockefeller off the face of the earth, kill him, and crucify him." [REDACTED] reportedly was formerly in state hospital under psychiatric care. b2c

Secret Service locating and will interview [REDACTED] and has advised Bedford PD. Secret Service, New York, States Secret Service, Washington, D.C., has advised that this is not violation handled by Secret Service since Rockefeller is not Vice President yet.

The closest statute handled by the Bureau covering such a violation is T18, Section 245, which among other things prohibits willful intimidation or interference, by force or threat of force, against any person applying for or enjoying employment or any perquisite thereof by any agency of the U.S.

This was discussed with Departmental Attorney James Robinson, General Crimes Section, Criminal Division of the Department, and he advised that since Secret Service is pursuing and has protective function, they should handle and FBI should not conduct investigation at this time. Robinson stated he would advise Secret Service. Discussion with Department being confirmed.

This will confirm the conversations of September 6, 1974, between your Special Agent [redacted] and Mr. James R. Robinson of my office, subject as above. Although there is no express statute relating to threats upon a Vice President Designate, the United States Secret Service has, in the discharge of its protective responsibilities, a fully adequate basis for investigating any such threat to the same extent that they would, as now, investigate a threat within the purview of 18 U.S.C. 871. Accordingly, there is no need for your agents to investigate such a matter.

On the other hand, paralleling your investigative jurisdiction over matters arising under 18 U.S.C. 1751, we would expect the Bureau to investigate an attack of that type involving a Vice President Designate as though he were in fact a Vice President. In the absence of facts warranting application of any other statute, you may predicate such investigations on the provisions of 18 U.S.C. 245(b)(1) and 372.

For your information, we have informally ascertained that the United States Secret Service agrees to the foregoing allocation of responsibilities, and we are furnishing them a copy of this memorandum for their files.

Mr. Clarence Kelley, Director
F.B.I.
Washington, D.C.

Dear Mr. Kelley:

Recently your department gave Nelson Rockefeller a clean slate in his bid for vice president. I've read several publications such as "None dare call it Conspiracy", "None dare call it Treason", etc., and if these are true then this man should be hung for treason instead of being offered a governmental post.

I often wonder why his role in the C.F.R. and his goal of a one world government wasn't brought out in your report.

If the above is any of my business or if I am wrong in my thinking, I would appreciate your setting me straight.

Thanking you for your cooperation in this matter, I am

yours very truly,

Dear [REDACTED]

I am in receipt of your letter of November 13th and I appreciate your interest in writing.

With respect to the publication you mentioned, I know of no factual basis for allegations that Vice President-Designate Nelson A. Rockefeller should be described as you mentioned. I trust you will understand that it would be inappropriate for the FBI to comment further concerning charges made against public officials which appear in newspapers, magazines or other media.

Sincerely yours,

C. M. Kelley

NOTE: Bufiles disclose no identifiable information concerning correspondent who referred to a book entitled "None Dare Call it Conspiracy" by Frank A. Capell. This book refers to Secretary of State Kissinger as being a Soviet Intelligence Agent and refers to a conspiracy involving Kissinger, Nelson Rockefeller and President Ford which is attempting to set up a one-world dictatorship. Capell is well known to the Bureau and has made allegations in the past concerning Mr. Kissinger and others. Capell pleaded "no contest" to an indictment charging him with criminal libel returned by a Los Angeles Grand Jury in 1965 after he wrote an article alleging that a United States Senator from California had been arrested in 1950 for homosexual activities. In 1942, Capell pleaded guilty to accepting a bribe while working with the War Production Board in New York City.
